Assessment

It is believed that the spending made by the Royal Government of Hokoria in the year 2023 was justified.

"The Royal Office understands that debts need to be paid back to the individuals and organisations that we owe money to. We'll be doing this by introducing multiple sources of income for the Royal Government of Hokoria in order to allow us to spend in a sustainable manner. We're committed to working towards Hokoria being a nation that can sustain itself without the need for borrowing."
